PersonaQuanta

PILOT BLUEPRINT PACK • FULL OFFER • 2026

Win users before they even log in. Then keep them.

PersonaQuanta reduces 30-day fintech churn by up to 13% through a personalized financial engagement layer your team deploys in weeks, not months.

-13%	+81%	+62%
CHURN REDUCTION	PRODUCT CONVERSION	CUSTOMER LTV

THE PROBLEM

Why users disappear

Banks and insurers spend millions acquiring customers — yet up to **70%** disappear after the first month. Not because the product is bad. Because clients never understand their own financial picture. PersonaQuanta fills that gap.

THE SOLUTION

4 Indices + Triggered Communication

Turns client data into a personalized economic profile. Each index change becomes a data-driven trigger for meaningful communication.

NW

Net Worth

Source: OECD, Eurostat. Cohort-benchmarked range.

LEP

Lifetime Earning Pot.

Source: BLS (USA), ONS (UK). Age-earnings model.

HPI

Human Potential Index

Capital resilience proxy. Self-awareness only.

CONF

Confidence Score

Pure data completeness. 0–100%. Transparent formula.

TRIGGERED COMMUNICATION — 5 PRESETS

INDEX	TRIGGER EVENT	ACTION
NW ↑	Net Worth grew 5% this quarter	Pension planning tools recommendation
LEP ↑	LEP suggests peak earning years ahead	Contextual investment product offer
CONF	Confidence Score at 60%	Re-engage: complete your profile
HPI ↑	HPI improved after certification	Milestone celebration — product connection
KYC	Onboarding completed	Instant economic portrait — welcome moment

PLACEMENT

Where it lives in your product

PLACEMENT 01

Pre-onboarding quiz

Lead capture and intent signal before signup. Users share data voluntarily.

PLACEMENT 02

Post-onboarding touchpoint

Re-engagement and retention hook. Profile improves with richer data over time.

PLACEMENT 03

Financial wellness module

Education and upsell path. Creates recurring reason to revisit the app.

PLACEMENT 04

KYC Onboarding

Turn compliance into a value moment. Client answers 3 extra questions during standard KYC — PersonaQuanta generates their economic portrait instantly. Result: higher KYC completion, more data volunteered, lower day-1 churn. No bank logins. No credit checks.

PRICING

Pilot Blueprint Pack — 3 Options

Three tiers of the same blueprint. More documentation and guidance at each level.

	OPTION A	**OPTION B ★**	OPTION C
	$4,900	**$9,900**	**$14,900**
Frequency	one-time	one-time	one-time
Questionnaire schema	✓	✓	✓
Scoring methodology (NW/LEP/HPI/CONF)	✓	✓	✓
Data Source Sheet (BLS/ONS/OECD/Eurostat)	✓	✓	✓
Sample report (PDF + JSON)	✓	✓	✓
90-second demo script	✓	✓	✓
Triggered communication logic (4 presets)	—	✓	✓
Reference UX flow (wireframe-level)	—	✓	✓
1-page pilot experiment plan	—	✓	✓
Pilot KPI measurement framework	—	✓	✓
JSON field conventions + payload examples	—	—	✓
Integration notes for product teams	—	—	✓
GDPR Article 22 compliance docs	—	—	✓

No production code. Blueprint deliverables only. No integration, no hosting, no SLA unless explicitly contracted.

SCALABILITY

AI-SOPs: How one person delivers at scale

Every deliverable runs through a defined AI pipeline. The founder acts as quality controller — not manual producer.

3 days
INTAKE TO DELIVERY

10 clients
CURRENT CAPACITY

$500/mo
OPERATOR COST FOR 80%

STEP	DESCRIPTION	TIME
01 CLIENT INTAKE	Standardised form. Client fills in company size, tech stack, user segment, current retention metrics.	~20 min client
02 AI GENERATION	Claude generates full Blueprint Pack draft — executive summary, architecture, integration roadmap, ROI model.	~15 min auto
03 QA REVIEW	Founder reviews, adjusts tone, validates ROI numbers, adds client-specific nuance. Only manual step.	~2 hours
04 DELIVERY	Package delivered as PDF + private link. Automated follow-up sequence (3 touchpoints / 14 days) via CRM.	Automated

METHODOLOGY

Data Source Sheet

Every index references established public datasets. Answers the first question any CFO will ask.

INDEX	SOURCE	METHODOLOGY
LEP	BLS (USA), ONS (UK)	Age-earnings profiles. 20–35yr trajectory. Discount by education + sector.
NW	OECD Wealth Distribution DB, Eurostat	Median household wealth by age cohort — peer group benchmarking.
HPI	Economic mobility research	Education + certification + mobility correlation — capital resilience proxy.
CONF	Internal algorithm	Data completeness metric — verified inputs carry higher weight than estimates.

COMPLIANCE BOUNDARY — NON-NEGOTIABLE IN ALL B2B CONTRACTS

PersonaQuanta indices are educational instruments only. Never used for credit scoring, insurance underwriting, or automated decision-making under GDPR Article 22 or equivalent regulation. Clients contractually acknowledge this boundary before deployment.

COMMERCIAL TERMS

License boundaries at a glance

Headline terms only — not a legal agreement. Full terms shared under NDA.

License	Non-exclusive license to implement the blueprint
White-label	Permitted for pilot use
Use scope	Internal pilot deployment only
Resale	Not permitted without separate agreement
Term	Pilot term defined in agreement (typically 90 days)
NDA	Available on request before materials are shared
IP ownership	Remains with PersonaQuanta unless otherwise contracted
Deliverable	Documentation + blueprint assets only — no code, no hosting
